

Is Workshop Week free?

Yes! Workshop Week is completely free and you can watch all of the workshops from June 12-16 for free! Each workshop will be available for 24 hours after it airs for you to watch as many times as you like. If you decide that you want more than 24 hours with each workshop, you can also [purchase the Workshop Vault here](#).

If I purchase the Workshop Vault now, do I get to watch workshops early?

YES! As soon as you purchase the Workshop Vault you can start watching— no need to wait until the event kicks off! You can purchase an all access pass for INSTANT and indefinite [access to all of the workshops here](#).

What timezone are the workshops in?

The workshops are in EDT. You can convert that to your own timezone accordingly (here is a link to a timezone converter: <https://www.thetimezoneconverter.com/>). However, each workshop is available for a full 24-hours so you do not *need* to watch it exactly when it airs. Everyone in the world has the same 24-hour window to watch when it makes most sense for them.

What if I live outside of North America?

That's fine! These workshops are available worldwide. You can convert that to your own timezone accordingly (here is a link to a timezone converter: <https://www.thetimezoneconverter.com/>). However, each workshop is available for a full 24-hours so you do not *need* to watch it exactly when it airs. Everyone in the world has the same 24-hour window to watch when it makes most sense for them.

Will I get a supplies list before the workshop so I know what tools I need?

Yes, of course! A complete supplies guide will be emailed to you soon! Don't worry. (If you purchased the [Workshop Vault](#), the supplies guide is already available to you underneath each lesson.)

I didn't get an email after registering. What do I do?

The welcome email isn't instant - it can take a few minutes for our system to get you set up on the back end. You should receive the email soon. If you don't see it after an hour, please check your **junk, spam and/or promotions folders**. If all else fails, email hello@workshopweek.co for assistance.

How do I sign up? I can't find it on the website.

Here's a VERY direct link that will send you to the EXACT spot on the page to enter your name/email address: <https://www.workshopweek.co/#rsvp>

I can't get the website to load. It isn't working for me.

Often this is a browser/connection issue! Can you try from a different device or a different browser type? That usually solves it! :) If all else fails, email hello@workshopweek.co for assistance.

Is social media required?

Nope. All of the workshops will stream directly on the [Workshop Week website](#) The Workshop Vault is available via Teachable. Social media is optional.

Where will the workshops be streamed?

Can I have access longer than 24 hours?

You can [purchase the Workshop Vault](#) for instant and indefinite access to all of the workshops if you need more time.

How much is the Workshop Vault?

\$49 USD until June 11th, and then the price goes up when the event kicks off. You can view all pricing [HERE](#).

Can I purchase just a few of the workshops? I don't want all of them.

No. The Workshop Vault is all or no nothing, so they can't be split up. The Workshop Vault is totally optional though! No pressure... you can still watch any of the workshops you *do* want for free during Workshop Week.

What else is included in the Vault?

The Vault is exactly as described— access to all of the workshops, indefinitely. You get indefinite and immediate access to all of the workshops so you don't have to follow our timeline during the live event. The vault also comes with instant access, so you don't have to wait until June 6th to start watching.
